

**Subject: Manufacturer position with regard to the REACH directive**

WALVOIL S.p.A via Adige 13/D 42124 Reggio Emilia, Italia

Walvoil S.p.A. supplies to the market hydraulic components and relevant control devices which are designed and manufactured in accordance to the applicable European Directive and harmonized standards.

According to the provisions of REACH (Reg. EU 1907/2006), Walvoil Spa is a manufacturer of articles not intended to release chemical substances. In our own interest and to ensure a high level of safety in our production, we observe all the implementation of REACH, to comply with Candidate List, Annex XIV, Annex XVII and other Reach Provisions in every update.

Following the latest updates Walvoil, in accordance to REACH Art. 33, informs its customers that articles are assumed to contain substances in REACH Candidate List in concentration above 0,1 % (w/w).

Substance in Candidates List: Lead metal, CAS 7439-92-1, EC 231-100-4 – Risk: Toxic for reproduction Repr 1A.

Material type and source: Steel, steel alloy, solder. These may be contained in the following products:

- Electronic Components
- Hydraulic valves
- Pumps
- Motors

Walvoil S.p.A. will continue to monitor its own suppliers and its materials in every Regulatory implementation of REACH as part of our on-going compliance activities.

In case other new substances belonging to REACH Candidate List should be recognized in our products, Walvoil will promptly notify the customers involved.

In case of further questions regarding the implementation of the REACH regulation in our company, please do not hesitate to contact us.
