WALVOIL S.p.A via Adige 13/D 42124 Reggio Emilia, Italia

Walvoil S.p.A. supplies to the market hydraulic components and relevant control devices which are designed and manufactured in accordance to the applicable European Directive and harmonized standards.

We confirm that, as far as we are aware, Walvoil articles do not contain the substances listed in RoHS (Dir. EU 2011/65 and updates) Annex II in level above that indicate in Annex II, considering exemptions of annex III. If they are present, the content is less than the percentage specified in RoHS in their Annexes.

In case of further questions regarding the implementation of the ROHS regulation in our company, please do not hesitate to contact us.
